

Day 6 journal entry

Keenan M. Haynes

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *How is the internship meeting or not meeting your expectations/objectives and why? Do you have control of this? Explain.*

This internship is beyond my expectations... I didn't expect this internship to be so hands-on and engaging when I first came here. This internship has taught me so much in just 6 days! I've had the opportunity to shadow many teams, talk to different people, and got to see the Red Hat tower. I indeed have control over my experience especially if I make the best out of it.

Prompt option 2: *Who have you met during your internship that has made an impact on you, and why?*

I've met a handful of people during my internship.

Each person has had some impact on me, whether small or significant. However, the individual who made the greatest impression was Social Media Strategist Katie Davis.

Katie motivated me to share a LinkedIn post about my Red Hat experience. After posting, many Red Hat employees noticed me, and my post received numerous views, helping to skyrocket my connections.

Thanks to these new relationships, I feel confident in the connections I've built at Red Hat and my place within the company.

Prompt option 3: *Describe a challenge you encountered during your internship and how you approached overcoming it. What did you learn from this experience?*

I feel it is too early to currently answer this question. I will come back to it later in my interview.
