

Day 3 journal entry

[Firstname Lastname]

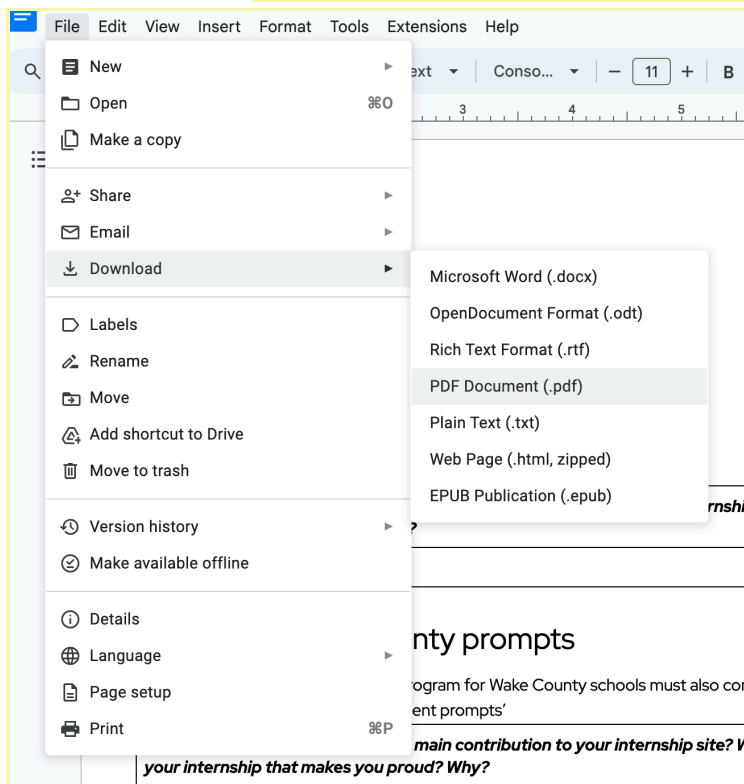

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 1: *How has your classroom experiences prepared you for the internship? What do you wish you had learned prior to the internship?*

I think how classroom experiences have prepared me for my internship would definitely be collaboration. In my school they stress much on collaboration and working with others on different projects and tasks. With this I feel comfortable working with the other interns when we do activities or just talking about our project ideas. I think something I wished I knew prior to this internship is sort of how the corporate world is like. I haven't had much experience being in a corporate setting so i just wished i knew how it like and how to work in such environment.
