

Day 3 Journal Entry

Senuk Wijesinghe

Choose 1 of the following prompts to respond to and then delete the prompt(s) that you did not choose.

Prompt option 3: *What are some of the differences you've noticed between a school environment and a professional work environment?*

Some of the differences I've noticed is the way breaks work and how they are encouraged in the work environment. It allows people time to relax and think while also keeping productivity at a high. I also like how the dynamic between managers and other employees is somewhat casual. There is still a known respect for each other, but we are all able to bounce ideas off of each other and work together. There is also much more room for creativity and we aren't as limited in what we do or how we do different assignments.
